A végzet táncosai a Csengeyben

Telt házas gálaestet adott a Destiny's Dancers a Csengey Dénes Kulturális Központban. A rendezvénnyel egyrészt egyesületi alakulásukat ünnepezték, másrészt így mondtak köszönetet segítőiknek a támogatásért és a közönségnek a figyelemért. A 2013 májusában megalakult társaságnak alig másfél év alatt számos fellépése volt, sokszor egy hétvégén több is. Időközben a hétfős csoport létszáma közel negyven főre növekedett. A megalakulás után hetek alatt elkészült táncstúdiójuk a Kölesdi úton, ahol jelenleg négy korcsoportban tartják edzéseiket, az idén szeptemberben megalakult mini csoportban tanulnak a legifjabbak hároméves kortól. Meghatározó stílusuk a hip-hop, a street dance és a funky,

foglalkoznak hastáncsal is, de ha van rá igény, bármilyen más mai modern táncra nyitottak. A tagok és a szülők a gála végén virággal köszöntötték Bor Andreát, a Destiny's Dancers alapítóját. Mint elmondta, tizenhét éve táncol és mindig arról álmodott, hogy ezzel foglalkozhasson. Végtelen örömmel tölti el, hogy vágya huszonegy éves korára valóra vált, és mindent meg fog tenni azért, hogy az együttes sikeres legyen. Bár a Végzet Táncosai Táncgyesület néven lettek bejegyezve, a jövőben is a már ismert Destiny's Dancers néven szerepelnek. Az egyesület mindennapjai nyomon követhetők hivatalos facebook-oldalukon és saját weblapjukon is a www.dsdance.hu címen.

Gergely Tóth

- I come from Iregszemcse Hungary, Tolna county, but I am here in the name of Pántlika Folkdance Ensemble, Tamási
- I am 23 years old, I have been dancing since 1999, and for 7 years in Pántlika Ensemble
- The Pántlika ensemble was established in 2003. The leader of the ensemble is Erika Berkesné Imre and Eszter Kissné Kecskeméti. The ensemble has four groups with different aged dancers from 5 to 58. Mine is Csillaghír group, and I think I can tell you that it is an adult group nowadays, most of us is older than 18.

- In the Pántlika folk dance ensemble we learn different dances from Hungary and the Charpatian Basin. We practice the dances once a week and take part different competitions each two years to qualify our dance knowledges.
- The Pántlika Ensemble give performances inside the borders and beyond the borders. Eg.: Germany and Italy
- Between learn different dances it's very important to be a team not only a group. The oldest members of the Pántlika Ensemble are took part int he organization of different freetime events actively with the lead of our headmasters and independently too.

May tree setting, Luca day

The older members of the Csillaghír group help to organize team building and freetime activities like Luca day, May tree setting , cooking together and so on.

Dance camp

We help to organize the camps where the younger dancers learn new dances with professional teachers. There is a camp for the young group each summer at different places. During the camp they learn about the dances and all of the folk traditions of the theme region.

Transilvania

For Csillaghír group a camp was organized in Transilvania it was determinative int he life of us. Because after this jurny our group startedto be a really team and now we can work together more efficiently.

Learn dances from the local old people

Help the local people collecting the hey

Youth and the rural life

- In 2015 Pántlika took part in an Erasmus+ tender called „Youth and the rural life” with the participation of three countries.
- It was realized by leaders and dancers.
- We got know folk crafts and the folk culture of each other, played and danced a lot.

50. Traditional wedding in Sárpilis

More than 100 women were dancing
together in traditional costume

- In this summer dancers of the Csillaghír group had the possibility to take part in a tradition cultivating wedding.
- That was the 50th anniversary of the wedding of Sárköz (the name of the etnografical region)
- This wedding is one of the biggest and most famous folk event
- And the honour was coming that I was one of the three bridesman.

50. Traditional wedding in Sárpilis

Traditional pig slaughter

- The members of Csillaghír group organize for the whole ensemble and relatives a traditional pig slaughter at the end of December, where we have fun together, eat what we made together and talk about the happenings and the results of the recent year.
- We cut the pig early in the morning, process it in the traditional way and the end of the day we eat it together.

The result: community

Conclusion

- In my opinion to improve the relationship between people who are interested in the work of a cultural group is very important because it makes the communication more easily, and we know that communication is determine most of the things in the organization, administration and also in the professional work. So me and the other older dancer try to help the headmasters by organize more and more team building events where we can get closer each other what makes the common work easy and efficient.
